The meeting was called to order at 7:10 p.m.

**Secretary's Report:** The secretary read thank you notes from recent Courser and Nugent Scholarship recipients, Melissa Mosely & Erin Sisson. Tom Cooley noted a correction to last month's minutes (under Secretary's Report: Coach Orr referring to baseball not softball). Minutes approved.

**Treasurer's Report:** Last month, the treasurer transferred a \$300 commission payment from Boy's Basketball to Freshman Boy's Basketball in error. He will credit the freshman team with the \$300, but will not deduct it from the Boy's Basketball account. The treasurer's report was distributed and reviewed. The Courser shirt funds will be transferred to the Nugent fund. It was noted that next year, the Coursers should be notified about Senior Honor's night to see if they will be in town and available to hand out the awards. Norm will investigate the possibility of putting funds in a money market and will include this amount in future reports. Norm will prepare a report on Booster achievements and Margie will prepare the letter to the Board of Education.

**MS Concessions:** It was suggested that the Boy's Freshman team take over MS Concessions for the boys/girls basketball season on a "for commission" pay basis. There was general agreement that this was a good idea. Lorenda will send Julie a MS schedule. General concession discussion-- we must address "no shows."

### **Building & Grounds:**

- There will be some shuffling around of the icemakers.

- The MS is cleaned and out of product. Sandy Foley will store the small cooler at her house over the summer.
